REPORT OF SCHOOL BOARD.

To the inhabitants of the Town of Piermont, I present the following report of the schools in town for the year ending February 15, 1906.

There have been maintained schools in seven divisions of the District, employing eleven different teachers, four teaching for the first time.

Whole number of pupils registered 142, 66 boys and 76 girls, a decrease of 22 scholars from 1905.

East Piermont School.

The past school year has been in charge of Alice M. Martin, who as far as I know, gave satisfaction to the district, good progress was made in the studies, although this school has only 24 to 26 weeks school during the year, owing to the condition of the roads in winter, we have scholars as far advanced in their studies as any in town.

Rodimon School.

Spring term taught by Mamie Emery with good results. Fall term taught by Bertha Morrill, this being her first attempt at teaching, who tried, I think to do well, but as some of her pupils did not do as well as they could the school was not as profitable as it should have been. Winter term was taught by Christena M. Bacon, also a beginner at teaching. She insisted on obedience, good order prevailed and good results have been obtained.

Clay Hollow School.

Spring and Fall terms were taught by Jennie C. Andross, Winter term by Mamie Emery, fair progress has been made in the studies during the year.

Brook Road School.

Spring and Fall terms taught by Sadie I. Noyes, Winter term by Ethel L. Knapp, both teaching for the first time were successful teachers.

Village Schools.

The Primary school has been taught by Edith L. Parker, the Grammar school by Bernice Colby, the entire year, it

being both teachers second year here, the work accomplished by both has been satisfactory.

Back Road School.

Spring term taught by Alice Skinner, who gave excellent satisfaction. Fall and Winter terms taught by Rena K. Gould, who taught the school the previous year with good success.

River Road School.

Spring term taught by Rena K. Gould, who had a very interesting school, but by the removal of some out of the district it was deemed best to discontinue the school as it was small in number, so four were brought to the village, the other two going to Haverhill, which I think, was satisfactory to those who had pupils to send.

I am pleased to say the attendance of the schools the past year has been unusually good, with a few exceptions, those whose names are registered have seldom been absent, several being present every day during a term and some present every day during the year.

I think we have more parents' names in the visitors' column which shows an interest in the work being done in school.

Respectfully submitted,

JENNIE C. ANDROSS, Superintendent.
